17. Roofing Material. Owners shall utilize only Class A or B roofing materials as rated by the National Fire Protection Association. Use of wood shake roofs is discouraged.

18. Building Code. All improvements shall be constructed in accordance with the applicable building codes of the governmental entity having jurisdiction, or if no such building codes are in effect, then in accordance with the Uniform Building Code.

19. Clear Vision Area. Owners shall cooperate in maintaining a triangular "clear vision" area to be established and maintained at all road intersections and switchback curves, such that each of the two sides has a distance of 80 feet measured from the point of intersection (or the midpoint of the switchback curve) along the road centerlines of each road.

20. Property Rights. Every owner shall have a right and easement of enjoyment in and to the Common Area, which shall be appurtenant to and shall pass with the title to every lot subject to the following provisions:

a. The right of the Association to charge reasonable admission and annual maintenance fees for the use of any recreational facility situated upon the Common Area and for the care, maintenance and improvement of the Common Area.

The right of the Association to suspend the voting rights and right to use of the recreational facilities by an owner for any period during which any assessment against his lot remains unpaid and for a period not to exceed sixty (60) days for any infraction of its published Rules and Regulations.

c. The right of the Association to dedicate or transfer all or any part of the Common Area to any public agency, authority, or utility for such purposes, and subject to such conditions as may be agreed to.

d. Any owner may delegate in accordance with the Bylaws his right of enjoyment to the Common Area and facilities to the members of his family, his tenants, or contract purchasers who reside on the property.

21. Membership. Every owner of a lot which is subject to assessment for the care and maintenance of the Common Area shall be a member of the Association. Membership shall be appurtenant to and may not be separated from ownership of any lot which is subject to assessment.

22. Assessments. The Declarant for each lot owned within the properties by the Declarant hereby covenants, and each owner of any lot by acceptance of the deed therefore whether or not it shall be so expressed in such deed is deemed to covenant and agree, to pay to the Association annual assessments or charges and special assessments for capital improvements; such assessments to be established and collected as hereinafter provided. The annual and special assessments, together with interest, costs, and reasonable attorney's fees, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. The assessments levied by the Association shall be used exclusively to promote the recreation, health, safety, and welfare of the residents of the properties and for the improvement and maintenance of the Common Area. The Association shall be responsible for maintenance, taxes and liability insurance, if desired, for the Common Area. No special assessments for capital improvements in the Common Areas shall be levied unless two-thirds (2/3rds) of the members of the Association shall vote for such special assessment. The maximum amount of annual assessments shall be as fixed by the Bylaws of the Association. The Board of Directors shall fix the amount of the annual assessment against each lot not later than May 31 each year. Written notice of the annual assessments shall be sent to every owner subject thereto, and any assessment not paid by July 1 of each year shall bear interest from that date at the rate of six percent (6%) per annum. The Association may bring an action at law against the owner personally obligated to pay the same or foreclose the lien against the property. No owner may waive or otherwise escape liability for the assessment provided for herein by nonuse of the common Area or abandonment of his lot.

23. Architectural Control. No building, fence, wall, satellite dish, large antenna, or other structure shall be commenced, erected or maintained upon the properties, nor shall any addition to or change or alteration therein be made, nor shall any of the native vegetative growth be destroyed or removed until the plans and specifications showing the nature, kind, shape, height, materials and location of the same shall have been submitted to and approved in writing as to harmony of external design and location in relation to surrounding structures and topography and native vegetation by the Architectural and Environmental Control Committee. No exterior lighting shall be installed or erected on any lot until the specifications for the same shall have been submitted and approved in writing by the Architectural and Environmental Control Committee. In the event said Committee fails to approve or disapprove such specifications, design and location within thirty (30) days after said plans and specifications have been submitted to it, approval will not be required, and this article will be deemed to have been fully complied with. The Architectural and Environmental Control Committee shall consist of five (5) persons who shall be appointed by the Board of Directors of the Association. All improvements, construction, reconstructions, alterations, remodeling, or any activity requiring the approval of said Committee must be completed in substantial compliance with the plans and specifications initially approved by the Committee.

24. Enforcement. The Association, the Architectural and Environmental Control Committee of the Association, or any owner shall have the right to enforce by any proceeding at law or in equity all restrictions, conditions, covenants, reservations, liens, and charges now or hereafter imposed by the provisions of this Declaration. Failure by the Association, the Architectural and Environmental Control Committee of the Association, or by any owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

25. Severability. Invalidation of any one of these covenants or restrictions by judgment or court order shall in no way affect any of the provisions which shall remain in full force and effect.

26. Amendment. The covenants and restrictions of this Declaration shall run for a term of twenty (20) years from the date this Declaration is recorded, after which time they shall be automatically extended for successive periods of ten (10) years. This Declaration may be amended at any time by an instrument signed by not less than ninety percent (90%) of the lot owners. This Declaration may not be amended or repealed without the prior written consent of the Flathead County Commissioners (or other governmental body having jurisdiction).

27. Annexation. Additional residential property and Common Area may be annexed to the properties when such annexation has been approved by a majority of the Board of Directors of the Association.

IN WITNESS WHEREOF, the undersigned, being the Declarant herein, has hereunto set its hand and seal the day and year first above written.
